Education

Centurion University Of Technology and Management   Expected graduation date: April. 2024
Masters in Computer Applications | *GPA: X/100*
Relevant Courses: Web Software Construction (React,JavaScript,HTML,CSS), OOPS(java),
Algorithms and Data Structures I and II (c,java)

Projects

Product Development   Jul. 2023 - Dec.2023
Training and Placement Management System   *JavaScript,React,Spring Boot,MYSQL,GitHub,Docker*
- Developed an interactive student job portal using React, resulting in a 30percentage increase in student engagement and a 20percentage decrease in job search time.
- a flexible API using Spring Boot, facilitating seamless organization and retrieval of student and company information, resulting in a 40 percent reduction in data retrieval time.

Advance Java   July.2023-Dec.2023
Student Mentoring Management System   *JDBC,JSP,Servlet,HTML,CSS,MYSQL,Bootstrap,GitHub*
- Real-time campus mentoring: 40percent more participation, 25percent higher mentee satisfaction.
- Developed frontend data presentation :using HTML, CSS, and Bootstrap, reducing page load time by 30percent and enhancing user experience.
- backend journey: in Java tech, creating secure mentor management, cutting errors by 50percent and boosting security by 20percent.

Web Development   Feb.2023-June.2023
Vehicle Parking Management system   *HTML,CSS,JavaScript,Bootstrap,MySQL,Xampp*
- Introducing a vehicle parking system: leverages MySQL for secure data storage. Achieved 30percentage reduction in parking wait times, enhancing campus-wide efficiency for university faculty and students.

Core Java   Feb.2023-June.2023
Electricity Billing System   *JDBC,AWT,Swing,MYSQL*
- Introducing our innovative billing solution: blending Swing aesthetics with MySQL. Achieved 50percent fewer errors, fostering seamless interactions.

Data Structure and Algorithms   feb. 2023 - jun. 2023
Phone Book   *using c*
- Excited to unveil a Phone Book system: achieved 40percentage increase in contact organization efficiency with intuitive design, ensuring seamless user experience.

Domain Expertise   Oct. 2022 - Dec. 2023
Software Technology   *React, JavaScript, SQL Server, HTML, CSS, Bootstrap, Advance java,Spring Boot,Python*
- Improving expertise in React and Spring Boot for upcoming projects, aiming to elevate web development skills for impactful contributions.

Interests

- Passionate about crafting captivating webpage UI designs and innovative Android applications, I'm dedicated to continuous learning and coding excellence.
- Actively engaged in university workshops, coding sessions, and Hackathons, showcasing a commitment to knowledge enrichment.
- Pursuing proficiency in Data Structures and Algorithms through platforms like CodeChef, Code-Tantra, and Hacker-Rank, ensuring continual learning and growth.

Skills

Languages:
React, Spring Boot, Advance Java, Core Java,SQL, HTML, JavaScript,C,Python,C++,.net(ongoing)

Technologies & Tools:
GitHub, Linux, Docker, Figma , Canva

Certifications:
AWS-Certified Cloud Security and Foundation.
